

Barrel-leg fleece pants with a stacked drawcord waistband. Crossbone crosses across both legs, front and back.

KEY FEATURES

- Barrel leg: wide through the knee, curving back in to the hem
- Stacked double waistband, elasticated, with drawcord exiting at centre front
- Slanted side pockets
- Two rear welt pockets
- Centre back seam
- Clean-finished hem
- Screen prints applied by FTD in house (see artwork pages)

STYLE CODE	FTD-D01-PT01
STYLE NAME	Crossbone Baggy Pants
COLLECTION	Drop 01
COLOUR	Black
SAMPLE TYPE	First (proto / fit) sample
SAMPLE SIZE	M
SIZE RANGE	XS · S · M · L · XL · XXL
QUANTITY	1 sample, plus 1 spare set of the printable panels for test prints
BRAND CONTACT	—
VERSION / DATE	v0.1 · 21 Oct 2026

IMPORTANT: PRINTED IN HOUSE

FTD screen prints this style itself. Please supply the panels listed on the "Cut panels" page **cut but not sewn**, send them to FTD for printing, then sew the sample when they return. Fabric matched to the Drop 01 zip hoodies.

Value status: CONFIRMED decided PROPOSED starting point, please advise

TBC answer needed

FRONT

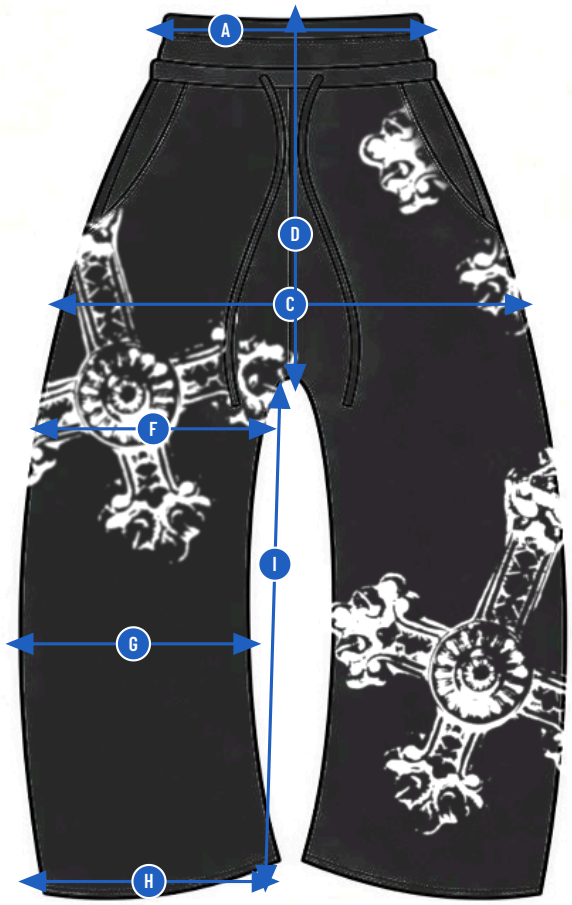

BACK

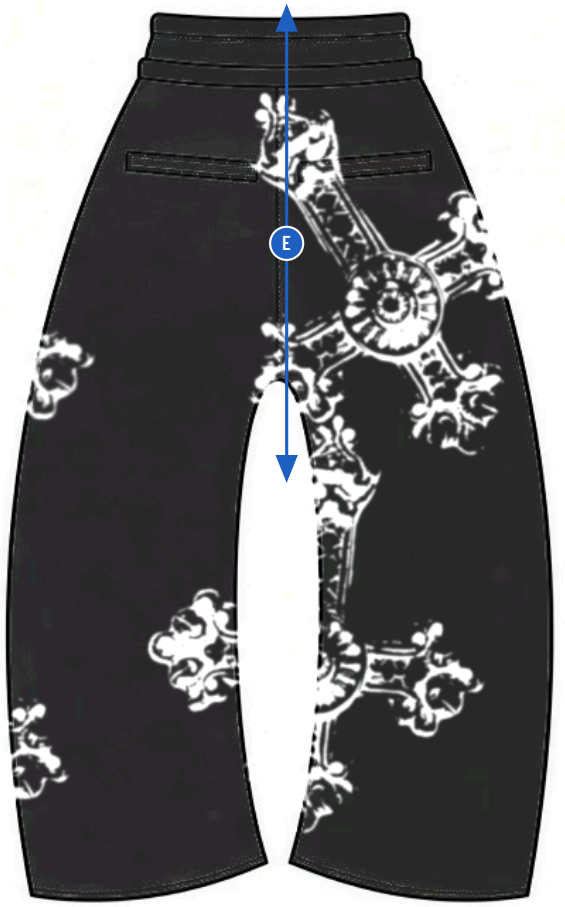

CALLOUTS

1. Stacked double waistband, elastic
2. Drawcord exits at CF
3. Slanted side pocket
4. Curved outseam (barrel leg)
5. Clean hem, twin-needle
6. Front print (see artwork page)
7. Rear welt pocket (×2)
8. Centre back seam
9. Back print (see artwork page)

POINTS OF MEASURE

FRONT

BACK

Blue lines show the main points of measure; every point, with how to measure it, is in the measurement chart. Garment laid flat, unstretched unless noted.

A Waist, relaxed
B Waist, extended
C Hip
D Front rise
E Back rise
F Thigh
G Knee (barrel peak)
H Leg opening
I Inseam
J Outseam
K Waistband height (both bands)
L Side pocket opening
M Rear welt pocket width

MEASUREMENT CHART

CODE	POINT OF MEASURE	HOW TO MEASURE	XS	S	M	L	XL	XXL	TOL.	GRADE
A	Waist, relaxed	Top edge of waistband, edge to edge	30	33	**36**	39	42	45	±1	3
B	Waist, extended	Top edge, fully stretched	46	49	**52**	55	58	61	±1	3
C	Hip	18 cm below top of waistband, edge to edge	52	55	**58**	61	64	67	±1	3
D	Front rise	Top of waistband to crotch seam, including band	31	32	**33**	34	35	36	±0.5	1
E	Back rise	Top of waistband to crotch seam, including band	40	41	**42**	43	44	45	±0.5	1
F	Thigh	2.5 cm below crotch, perpendicular to leg	33	34.5	**36**	37.5	39	40.5	±0.5	1.5
G	Knee (barrel peak)	36 cm below crotch	34	35.5	**37**	38.5	40	41.5	±0.5	1.5
H	Leg opening	Hem edge, edge to edge	23	24	**25**	26	27	28	±0.5	1
I	Inseam	Crotch to hem edge	74	75	**76**	77	78	79	±1	1
J	Outseam	Top of waistband to hem edge, along the curved side	105	106.5	**108**	109.5	111	112.5	±1	1.5
K	Waistband height (both bands)	Top edge to lower band seam	9	9	**9**	9	9	9	±0.5	0
L	Side pocket opening	Along the opening edge	15	15.5	**16**	16.5	17	17.5	±0.5	0.5
M	Rear welt pocket width	Each pocket, end to end	12	12.5	**13**	13.5	14	14.5	±0.5	0.5

All values PROPOSED

Centimetres, laid flat. Sample size M highlighted. Proportions follow the flats; please check the pattern against them and advise on any points that won't work.

MATERIALS & TRIMS

COMPONENT	SPECIFICATION	PLACEMENT	COLOUR	STATUS
Main fabric	Same fleece as the zip hoodies: 100% cotton, brushed back, 450–500 gsm, pre-shrunk ≤3%	Legs, waistband	Black	PROPOSED
Elastic	Knitted elastic, 40 mm	Inside upper waistband	Black	PROPOSED
Drawcord	Round cotton cord, 8 mm, approx. 140 cm; tips TBC (knotted or metal aglets)	Lower waistband channel, exits at CF	Black	PROPOSED
Drawcord exits	Two buttonholes or gunmetal metal eyelets	CF lower waistband	Black / gunmetal	TBC
Pocketing	Self fabric or black cotton jersey	Side and rear pocket bags	Black	PROPOSED
Thread	Polyester core-spun, Tex 40	All seams	Black	PROPOSED
Main label	Woven FTD label (same as hoodies)	Inside CB waistband	TBC	TBC
Care / composition label	Printed satin; fibre composition, care symbols, brand	Inside left side seam, below waistband	White on black	PROPOSED

Please send fabric and rib swatches with your quote if possible, so FTD can test print on them before sampling.

AREA	DETAILS PROPOSED
Seams	Overlock (4-thread); topstitch as drawn at pockets and waistband.
Barrel leg	Curved outseam and inseam to create the barrel. Manufacturer to advise if knee darts or a shaped front panel are needed to hold the curve.
Waistband	Stacked double band. Upper band carries the 40 mm elastic; lower band carries the drawcord channel with exits at CF. Both bands topstitched as drawn.
Side pockets	Slanted opening, topstitched 6 mm, bar-tacked at both ends.
Rear welts	Two single-welt pockets, bar-tacked. Sewn after printing (the back print crosses the right welt).
Centre back	Centre back seam, overlocked and topstitched.
Hem	Turned and twin-needle stitched, 2.5 cm, as drawn.
Finishing	Trim all threads; press; fold and bag individually.

Stitch details follow the dashed topstitch lines on the flats. Where a different method is standard in your factory for the same look, please suggest it.

ARTWORK & PRINT PLACEMENT

FRONT

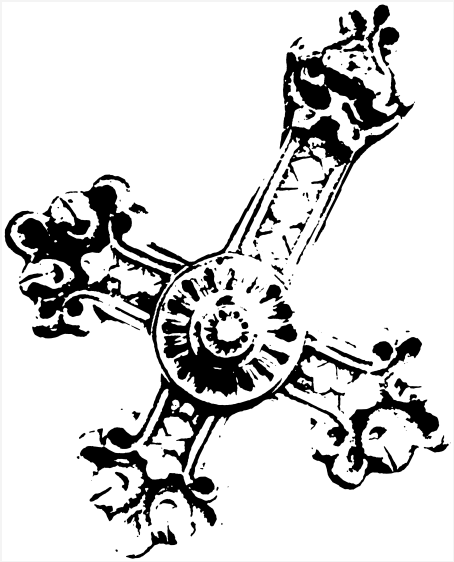

BACK

PRINT	APPROX. SIZE CM (W × H)	PLACEMENT	PANELS PRINTED
P1 Front cross, left leg (ART-03)	30 × 37.3	Upper left leg, rotated as drawn, running off the outseam and cut by the side seam.	Front L
P2 Front cross, right leg (ART-03)	30 × 37.3	Lower right leg, rotated as drawn, running off the outseam.	Front R
P3 Back crosses ×2 (ART-03)	30 × 37.3 each	Upper back crossing the CB seam and the right welt pocket; second cross lower on the left leg. Match across CB seam within 5 mm.	Back L, Back R

Method: Screen print by FTD in house. Ink: white plastisol or water-based discharge (TBC after test prints on the sample fabric). No printing by the manufacturer.

Sizes are taken from the flats and are approximate for the first sample. FTD will make 1:1 placement guides on the pattern pieces once the pattern is shared, so prints that cross seams line up.

ART-03 · CROSSBONE CROSS PROPOSED

PRINT SIZE (W × H)	30 × 37.3 cm
USED ON	HD01 back ×2, sleeves ×2; PT01 legs ×4
FILES	FTD-ART-03_Crossbone-cross.svg (vector) FTD-ART-03_Crossbone-cross_30cm_300dpi.png

One screen, rotated per placement. Where a cross runs off a panel edge it is printed full size and cut by the seam.

One colour: white ink on black. Files are supplied as vector SVG plus a 300 dpi PNG film positive at print size (black = ink). Fine distressed detail in ART-03 is part of the design; please flag any lines too fine to hold on your mesh. Drop 01 uses three screens in total: ART-01 and ART-03 are shared between styles.

CUT PANELS: PRINT BEFORE SEWING

WHY

The crosses run off the side seams, across the centre back seam and over the right rear welt pocket. The legs are printed flat before the seams, welts and waistband are sewn. FTD prints the flat panels, then the manufacturer sews the garment.

PANELS TO SEND TO FTD, CUT AND UNSEWN

- Front L
- Front R
- Back L
- Back R

PANELS THE FACTORY KEEPS

- Waistband bands
- Pocket bags and facings
- Welt pieces

STEPS

1. Manufacturer shares the pattern (PDF or DXF) for the sample size. FTD makes placement guides.
2. Manufacturer cuts the sample and sends the printable panels to FTD, plus **1 spare set** for test prints.
3. Each panel marked on the reverse with style code, size and panel name; all notches cut.
4. FTD prints and cures the panels, then returns them with the spare set marked as used.
5. Manufacturer sews the sample to this pack and sends it to FTD for fit approval.

Allow for print shrinkage: panels should be cut from pre-shrunk fabric. If the manufacturer can't supply unsewn panels, please tell us before quoting.

LABELS, QUESTIONS & APPROVAL

QUESTIONS FOR THE MANUFACTURER

1. Sample cost per style, lead time, and how many fit rounds are included.
2. Can you supply the printable panels cut but unsewn, then sew them after we return them printed? Cost and turnaround?
3. Production minimum order per style and colour, and how it can be split across sizes.
4. Fleece options at 450–500 gsm, 100% cotton: shrinkage figures and colourfastness.
5. Zip options for the sample (brand, finish), and for production: cost and minimum for a custom puller, including mould fee.
6. Can you grade the pattern XS–XXL and share the pattern pieces (PDF or DXF) so we can make print placement guides?
7. Can you source the woven main and size labels, and the care labels?
8. Shipping method, cost and duties to the UK.

LABELS

- UK law requires a fibre composition label on clothing sold in the UK (e.g. "100% cotton"). Care symbols are standard practice.
- Include the brand name and a contact address on the label or packaging so the product can be traced.
- Main label artwork, size label format and care wording will be supplied by FTD before production.
